The wilderness city of Whitehorse, Yukon's capital offers character, color and contrast and is the ideal starting point on your vacation. Further north is Dawson City, a historic and colorful town bursting with heritage sites and attractions. Tour the Klondike goldfields, see the sights and sense the fever that gripped Dawson a century ago. As you drive along the Top of the World highway you'll see that it is appropriately named as you travel this winding ridge-top road crossing over into Tok, Alaska.
